TUESDAY EVENING, DECEMBER 10.

TALKERY COUNTY

Petition from Louisiana. The following petition is circulating for signatures in Louisiana;

To his Excellency the President and the Senators and Representatives of the United States Congress:
The undersigned, citizens of the State of Louisiana, respectfully repersent that the political developments of the past few months have demonstrated the fact that the Recon-

struction acts of Congress will, if persisted in, produce a conflict of races which will result in the desolation of the country, and the serious if not irreparable injury of both races in the Southern States. That the negroes of this State are organized

into secret bands termed "loyal leagues." sworn and combined against their former owners and citizens of the State, in order to obtain control of the government.

That this credulous race has been deluded by designing men into the belief that the property of the white citizens of the State will be divided amongst them.

That, under these demoralizing influences, they are daily refusing to fulfil their contracts, or labor for the support of themselves and their families.

That, in consequence of this demoralization, planting in this State has resulted in the ruinous failure of a large majority of our planters. and, of course, in the necessity of its abandon-That, before the close of the present year,

the negrees, with but few exceptions, will have consumed or wasted all their wages, or share of the crop, and be destitute of the means of subsistence. That the white race will be compelled to

limit their planting to the labor of their own families, while the negroes will not have the means, if they had the capacity, to plant on their own account.

Under these circumstances, famine, with all its attendant horrors, must soon come upon this improvident race.

In view of these impending calamities, the undersigned would earnestly appeal to the President, and Congress, to give prompt attention to this vitally important matter, and provide immediately such remedy as in their wisdom can be devised, to avert the ruin which unless arrested, must speedily come upon us.
